Description of the activity:					

## Exhibition: Are you a CO<sub>2</sub>nsumer? No, I am a recycler!

Our school year traditionally ends with an official proclamation. It's an important moment for the pupils, parents and the staff of our school, because it's the official end of the school year. An ideal moment to show our activities and all the objects our pupils made during the first year of our project...

The exhibition included the musical instruments en time machines made with waste materials that were made during the first project year...
